# ARLINGTON

***Mantel:***

Arlington in Aegean Limestone.

***Interior:***

Black **Victoria** cast iron arch.

***Fire:***

Bespoke coal effect gas fire.

***Hearth:***

Honed Black Granite.

*Aegean Limestone*

# ARUNDEL

**Mantel:**

Arundel in Aegean Limestone.

**Interior:**

Milton cast iron fascia with plain canopy.

**Fire:**

Enigma.

**Hearth:**

Honed Black Granite.

*Aegean Limestone*

# ASCOT

***Mantel:***

57" Ascot in Aegean Limestone.  
(Also available in 54").

***Fire:***

Columbia gas stove.

***Hearth & Slips:***

Aegean Limestone.

*Aegean Limestone*

# BAVERSTOCK

***Mantel:***

Baverstock in Aegean Limestone.

***Interior:***

Aston cast iron tiled insert.

***Fire:***

Integra High Output gas fire.

***Hearth:***

Aegean Limestone.

*Aegean Limestone*

# BECKFORD

***Mantel:***

Beckford in Aegean Limestone.

***Chamber:***

Oyster Slate tile.

***Fire:***

Columbia gas stove.  
(Balanced Flue version).

***Hearth:***

Aegean Limestone.

*Aegean Limestone*

# 54" BLENHEIM

***Mantel:***

54" Blenheim in Aegean Limestone.

***Interior:***

Polished Black Granite.

***Fire:***

Brooklyn electric fire with Polished Steel Contrast frame & Bauhaus fret.

***Hearth:***

Polished Black Granite.

*Aegean Limestone*

# 60" BLENHEIM

***Mantel:***

60" Blenheim in Aegean Limestone.

***Interior & Chamber:***

Brushed steel Shaftesbury fascia with Smooth Buff brick.

***Basket:***

18" Cromwell.

***Hearth:***

Honed & oiled Slate.

*Aegean Limestone*

# BOLECTION

***Mantel:***

Bolection in Aegean Limestone.

***Interior:***

Salisbury hob grate.

***Fire:***

Open log fire.

***Hearth:***

Aegean Limestone.

*Aegean Limestone*

# BOLECTION WITH SHELF

## *Mantel:*

Bolection with shelf in Aegean Limestone.

## *Chamber:*

Charcoal slate tile.

## *Basket:*

Polished Queen Anne with brass legs.

## *Hearth & Slips:*

Aegean Limestone.

*Aegean Limestone*

# CELTIC

**Mantel:**  
Celtic in Aegean Limestone.

**Interior:**  
Aegean Limestone slips.

**Fire:**  
Enigma HE with Clevedon fret.

**Hearth:**  
Aegean Limestone.

*Aegean Limestone*

# 56" CHANTRY

**Mantel:**

56" Chantry in Aegean Limestone.

**Interior:**

Byron cast iron plate.

**Fire:**

Enigma HE with Baltimore fret.

**Hearth:**

Polished Black Granite.

*Aegean Limestone*

# 60" CHANTRY

**Mantel:**

60" Chantry in Aegean Limestone.

**Interior:**

Shaftesbury hob grate.

**Fire:**

Open log fire.

**Hearth:**

Honed & oiled Slate.

*Aegean Limestone*

# EDWARDIAN CORBEL

***Mantel:***

Edwardian Corbel in Aegean Limestone.

***Chamber:***

Old Red Stock brick.

***Fire:***

Staten electric stove.

***Hearth & Slips:***

Aegean Limestone.

*Aegean Limestone*

**Mantel:**  
Epsom in Aegean Limestone.

**Interior:**  
Honed Black Granite Slips.

**Fire:**  
Solstice electric fire.

**Hearth:**  
Honed Black Granite.

*Aegean Limestone*

# EQUINOX BOLECTION

*Fireplace:*  
Equinox Bolection in Aegean Limestone.

*Fire:*  
Equinox electric fire.

*Aegean Limestone*

# P E M B R O K E

***Mantel:***

Pembroke in Aegean Limestone.

***Interior:***

Aegean Limestone Slips.

***Fire:***

Enigma HE with Blenheim fret.

***Hearth:***

Aegean Limestone.

*Aegean Limestone*

# REGENCY

***Mantel:***

Regency in Aegean Limestone.

***Interior:***

Georgian hob grate.

***Fire:***

Open log fire.

***Hearth:***

Honed and oiled Slate.

*Aegean Limestone*

# RUTLAND

**Mantel:**

Rutland in Aegean Limestone.

**Chamber:**

Block fireboard.

**Fire:**

FDC 5 multifuel stove.

(Shown with optional black handle).

**Hearth:**

Angolan Black Granite.

*Aegean Limestone*

# SHELBY

## **Mantel:**

51" Shelby in Aegean Limestone.  
(Also available in 54").

## **Interior:**

Flamed Grey Granite slips.

## **Fire:**

Ariel 5G multifuel stove.

## **Hearth:**

Flamed Grey Granite.

*Aegean Limestone*

# SOLSTICE BECKFORD

**Fireplace:**

Solstice Beckford in Aegean Limestone.

**Fire:**

Solstice electric fire.

*Aegean Limestone*

# VICTORIAN CLASSIC

## **Mantel:**

54" Victorian Classic in Aegean Limestone.  
(Also available in 48", 51", 56" & 60").

## **Interior:**

Highlight **Victoria** cast iron arch.

## **Fire:**

Bespoke coal effect gas fire.

## **Hearth:**

Polished Black Granite.

*Aegean Limestone*

# VICTORIAN CORBEL

***Mantel:***

Victorian Corbel in Aegean Limestone.

***Chamber:***

Brickyard Reclaimed brick.

***Basket:***

18" Valencia with back & decorative gas fire.

***Hearth & Slips:***

Aegean Limestone.

*Aegean Limestone*

# WILLIAM IV

## *Mantel:*

William IV in Aegean Limestone.

## *Interior:*

Highlight **Victoria** cast iron arch.

## *Fire:*

Bespoke coal effect gas fire.

## *Hearth:*

Aegean Limestone.

*Aegean Limestone*

# ABINGDON

**Fireplace:**  
Abingdon in Veined Limestone.

**Chamber:**  
Reeded fireboard.

**Fire:**  
FDC 4 multifuel stove.

*Portuguese Limestone*

# BECKFORD

**Mantel:**

Beckford in Veined Limestone.

**Chamber:**

Reeded Limestone.

**Fire:**

FDC 4 multifuel stove.

**Hearth:**

Honed Black Granite.

*Portuguese Limestone*

# CAMBRIDGE

*Fireplace:*  
Cambridge in Veined Limestone.

*Fire:*  
Enigma with Clevedon fret.

*Portuguese Limestone*

# CHILMARK

## *Fireplace:*

Chilmark in Rosal Limestone.

(Also available in 59" to suit Equinox electric fire).

## *Fire:*

Solstice electric fire.

*Portuguese Limestone*

*Fireplace:*  
Compton in Veined Limestone.

*Fire:*  
Brooklyn electric fire with Brass **Contrast** fascia.

*Portuguese Limestone*

# COTSWOLD

***Mantel:***

Cotswold in Rosal Limestone.

***Chamber:***

Reclaimed Cobble brick.

***Fire:***

FDC 5 multifuel stove.

(Shown with optional black handle).

***Hearth:***

Honed Black Granite.

*Portuguese Limestone*

# D O R C H E S T E R

**Fireplace:**  
Dorchester in Veined Limestone.

**Chamber:**  
Reeded fireboard.

**Fire:**  
FDC 5 multifuel stove.

*Portuguese Limestone*

# EXFORD

*Fireplace:*  
Exford in Veined Limestone.

*Fire:*  
Brooklyn electric fire with Brushed Steel **Contrast** fascia.

*Portuguese Limestone*

*Fireplace:*  
Galileo in Rosal Limestone.

*Fire:*  
Flamerite **Gotham 600** electric fire.

*Portuguese Limestone*

# LANGFORD

**Fireplace:**

60" Langford in Veined Limestone.  
(Also available in 48" & 54").

**Chamber:**

Reeded fireboard.

**Fire:**

FDC 5 Wide multifuel stove.

*Portuguese Limestone*

# 54" LUDLOW

*Fireplace:*  
54" Ludlow in Veined Limestone.

*Fire:*  
Solstice electric fire.

*Portuguese Limestone*

# 63" LUDLOW

*Fireplace:*  
63" Ludlow in Veined Limestone.

*Fire:*  
Equinox electric fire.

*Portuguese Limestone*

*Fireplace:*  
Oxford in Veined Limestone.

*Fire:*  
Enigma with Bauhaus fret.

*Portuguese Limestone*

# PRINCETON

## *Fireplace:*

Princeton in Veined Limestone.  
(With optional split hearth & granite heat plate).

## *Fire:*

Ariel 5G multifuel stove.

*Portuguese Limestone*

# P R O V E N C E

***Fireplace:***

Provence in Textured Limestone.  
(With matching brick chamber).

***Fire:***

FDC 8 multifuel stove.

*Portuguese Limestone*

# RIALTO

**Fireplace:**  
Rialto in Textured Limestone.

**Chamber:**  
Charcoal Slate tile.

**Fire:**  
FDC 5 Wide multifuel stove.

*Portuguese Limestone*

# SOLSTICE BECKFORD

*Fireplace:*  
Solstice Beckford in Veined Limestone.

*Fire:*  
Solstice electric fire.

*Portuguese Limestone*

# SUTTON

***Mantel:***

Sutton in Veined Limestone.

***Interior:***

Monarch cast iron arch.

***Fire:***

Bespoke coal effect gas fire.

***Hearth:***

Polished Black Granite.

*Portuguese Limestone*

# WOODFORD

## *Fireplace:*

54" Woodford in Veined Limestone.  
(Also available in 60").

## *Fire:*

Enigma HE with Clevedon fret.

*Portuguese Limestone*

# BOLECTION WITH SHELF

***Mantel:***

Bolection with shelf in Chamot Limestone.

***Interior:***

Flamed Grey Granite Slips.

***Fire:***

Ariel 5S multifuel stove.

***Hearth:***

Flamed Grey Granite.

*Chamot Limestone*

# VICTORIAN CLASSIC

***Mantel:***

Victorian Classic in Chamot Limestone.

***Interior:***

Honed Black Granite.

***Fire:***

Brooklyn electric fire with Brushed Steel **Contrast** fascia.

***Hearth:***

Honed Black Granite.

*Chamot Limestone*

**Mantel:**

Warwick in Chamot Limestone.

**Chamber:**

Brown Cobble brick.

(Shown in a Herringbone pattern).

**Fire:**

Staten electric stove.

**Hearth & Slips:**

Chamot Limestone.

*Chamot Limestone*

# WINDSOR

**Fireplace:**  
Windsor in Chamot Limestone.

**Chamber:**  
Brickyard Reclaimed brick.

**Fire:**  
Columbia gas stove.

*Chamot Limestone*

# BOSCOMBE

*Fireplace:*  
Boscombe in Sandstone.

*Chamber:*  
Brickyard Reclaimed brick.

*Fire:*  
FDC 5 multifuel stove.

*Sandstone*

# P E M B R O K E

**Mantel:**  
Pembroke in Sandstone.

**Interior:**  
Polished Black Granite.

**Fire:**  
Enigma with Bauhaus fret.

**Hearth:**  
Polished Black Granite.

*Sandstone*

# SHELBY

**Mantel:**  
Shelby in Sandstone.

**Interior:**  
Monarch cast iron arch.

**Fire:**  
Bespoke coal effect gas fire.

**Hearth:**  
Polished Black Granite.

*Sandstone*

# BLENHEIM

***Mantel:***

**Blenheim** in Polished Brown Emperador Marble.

***Interior:***

Aegean Limestone slips.

***Fire:***

**Brooklyn** electric fire with Brass **Contrast** frame & **Bauhaus** fret.

***Hearth:***

Aegean Limestone.

*Natural Marble*

# BOLECTION

***Mantel:***

Bolection in Honed Grey Emperador Marble.

***Interior:***

Brushed Steel Sophia Fascia.

***Fire:***

Enigma HE with Baltimore fret.

*Natural Marble*

# C A M B R I D G E

*Fireplace:*  
Cambridge in Polished Egyptian Crème Marble.

*Fire:*  
Enigma HE with Bauhaus fret.

*Natural Marble*

# FLAT VICTORIAN

***Mantel:***

Flat Victorian in Black Granite.

***Interior:***

Highlight **Victoria** cast iron arch.

***Fire:***

Open log fire.

***Hearth:***

Polished Black Granite.

*Natural Marble*

# H A V E N

*Fireplace:*  
Haven in Polished Egyptian Crème Marble.

*Fire:*  
Enigma with Clevedon fret.

*Natural Marble*

# INCISED CORBEL

## *Mantel:*

60" Incised Corbel in Black Granite.  
(Also available in 54").

## *Interior:*

Highlight **Victoria** cast iron arch.

## *Fire:*

Bespoke coal effect gas fire.

## *Hearth:*

Polished Black Granite.

*Natural Marble*

# VICTORIAN CLASSIC

***Mantel:***

Victorian Classic in Honed Carrara Marble.

***Interior:***

Byron cast iron plate.

***Fire:***

Enigma with Baltimore fret.

***Hearth:***

Honed & oiled Slate.

*Natural Marble*

# VICTORIAN CORBEL

***Mantel:***

Victorian Corbel in Honed Carrara Marble.

***Interior:***

Polished Black Granite.

***Fire:***

Ariel 5S multifuel stove.

***Hearth:***

Polished Black Granite.

*Natural Marble*

# B E D F O R D

***Mantel:***

54" Bedford in Natural Oak.

(Also available in 48").

***Interior & Chamber:***

Ivory tiled & Cream Cobble brick.

***Fire:***

FDC 4 multifuel stove.

***Hearth:***

Ivory Tiled.

*Natural Oak*

# BELFAST

## *Mantel:*

**54" Belfast** in Brown Oak.  
(Also available in Natural Oak)

## *Interior:*

**Milton** cast iron fascia with patterned canopy.

## *Fire:*

**Enigma.**

## *Hearth:*

Polished Black Granite.

*Natural Oak*

# LINCOLN

***Mantel:***

54" Lincoln in Natural Oak.  
(Also available in 48").

***Interior & Chamber:***

Rustic Cobble brick with arch & returns.

***Fire:***

FDC 5 multifuel stove.

***Hearth:***

Honed & oiled Slate.

*Natural Oak*

# GAS FIRES

## ENIGMA

- Deep fuel bed for an ultra-realistic effect
- Built-in flue restrictor to maximise heat output
- Heat output of up to 4.0 kW at 57% efficiency
- Coal fuel bed
- Suitable for class 1 and 5" lined flues
- Rear venting to reduce flue debris entering the fire
- Choice of manual or battery operated slide control
- Four trim options: black, brass, brushed stainless steel and polished stainless steel
- Compatible with a variety of decorative fire frets

## ENIGMA HE

- Heat output of up to 4.9 kW at 89% efficiency
- Excellent radiant heat output
- Ceramic glass front technology
- Suitable for class 1 and 5" lined flues
- Choice of manual, battery operated slide control and remote control

## ENIGMA SLIMLINE

- A superb flame picture with a glowing fire bed
- At only 120 mm deep will fit almost any flue
- Heat output of up to 4.1 kW at 58% efficiency
- Coal fuel bed
- Suitable for class 1, class 2 and precast flues
- Choice of manual or battery operated slide control
- Four trim options: black, brass, brushed stainless steel and polished stainless steel
- Compatible with a variety of decorative fire frets

## GAS FIRE EFFICIENCIES

	Setting	Input	Net Efficiency	Output
Enigma (N.G. only)	High	7 kW	57%	4 kW
	Low	4.8 kW	50%	2.4 kW
Enigma HE (N.G. only)	High	5.5 kW	89%	4.9 kW
	Low	2.4 kW	70%	1.9 kW
Enigma Slimline (N.G. only)	High	7 kW	58%	4.1 kW
	Low	2.4 kW	50%	1.2 kW

All featured gas fires are manufactured under a BS EN ISO 9001 quality system (registration number 5195), which covers all areas of product design, development, manufacture and service.

# GAS STOVES

## COLUMBIA

- Constructed from heavy gauge mild steel with a cast iron door
- Large ceramic glass window
- Ceramic log fuel bed
- Heat output of up to 3.6 kW at 78% efficiency
- Available for use with natural gas or LPG
- Top or rear flue option (rear closure plate supplied)
- Suitable for class 1, class 2 and precast flues
- Manual control
- Extended 5 year warranty

## COLUMBIA BF

- Constructed from heavy gauge mild steel with a cast iron door
- Large ceramic glass window
- Ceramic log fuel bed
- Heat output of up to 4.3 kW at 88% efficiency
- Available for use with natural gas or LPG
- No chimney required
- Balanced flue
- Remote control
- Extended 5 year warranty

### GAS STOVE EFFICIENCIES

	Setting	Input	Net Efficiency	Output
Columbia (NATURAL GAS)	High	5.5 kW	78%	3.6 kW
Columbia (LPG)	High	5 kW	78%	3.6 kW
Columbia Balanced Flue (NATURAL GAS)	High	5.54 kW	88%	4.35 kW
Columbia Balanced Flue (LPG)	High	4.9 kW	88%	3.9 kW

A gas fire is a technical piece of equipment and, just like a gas boiler, requires servicing. It is essential that you have your gas fire serviced annually by a GAS SAFE REGISTER installer.

All FDC (UK) Ltd. gas fires carry a 12 month warranty from the date of installation. Please ensure that you complete and return the warranty registration page in the back of the instruction manual.

The Columbia gas stoves have an extended 5 year warranty which is validated by either returning the enclosed warranty card or registering the appliance online. Other terms and conditions apply.

Please note that the ceramic fuel bed, fire box liners and glass are not covered by the warranty, however, spares are available from your retailer.

# ELECTRIC FIRES

## BROOKLYN

- Features 3D Ecoflame™ flame effect technology
- Choice of coal, glass pebble or log fuel beds
- Choice of four flame effects
- Two heat settings, 750W & 1500W
- Suitable for a flat wall installation using a 3" rebated fireplace or surround
- Multifunctional remote control
- Manual over ride buttons
- Thermostat and timer as standard

## STATEN

- Constructed from heavy gauge mild steel with a cast iron door
- Large picture window
- Features 3D Ecoflame™ flame effect technology
- Realistic log fuel bed
- Choice of four flame effects
- Two heat settings, 1000W & 2000W
- Multifunctional remote control
- Manual over ride buttons
- Thermostat and timer as standard
- Extended 3 year warranty

## SOLSTICE

- Features 3D Ecoflame™ flame effect technology
- Realistic log fuel bed
- Choice of four flame effects
- Two heat settings, 1000W & 2000W
- Manual over ride buttons
- Thermostat and timer as standard

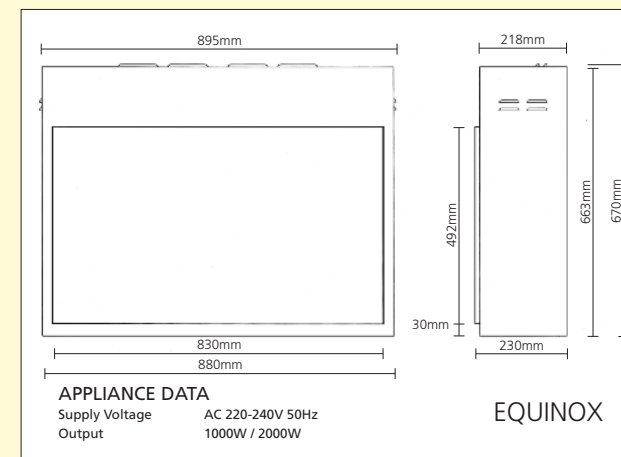

## EQUINOX

- Features 3D Ecoflame™ flame effect technology
- Realistic log fuel bed
- Choice of four flame effects
- Two heat settings, 1000W & 2000W
- Manual over ride buttons
- Thermostat and timer as standard

# MULTIFUEL STOVES

## FDC 4

- Extended 5 Year Warranty
- 4kW output
- Clean burn technology incorporating the TTI tertiary airwash system
- Large ceramic glass window
- External rotary grate riddling system
- Efficiency - 77.8% wood
- Efficiency - 82.4% smokeless fuel
- CE approved for wood and smokeless fuel (Ancit)
- Burn rate controlled via primary and secondary air regulators
- Only 50mm free air gap required around the stove body
- Only requires a 12mm thick superimposed hearth (If burning smokeless fuel the hearth heat shield, supplied and fitted as standard, must remain in place)
- Accepts up to 12" logs

## FDC 5

- Extended 5 Year Warranty
- 5kW output
- Clean burn technology incorporating the TTI tertiary airwash system
- Large ceramic glass window
- External rotary grate riddling system
- Efficiency - 81.5% wood
- Efficiency - 82.1% smokeless fuel
- CE approved for wood and smokeless fuel (Ancit)
- Exempt under section 21 of the Clean Air Act 1993 for use within UK smoke control areas (Air limiter bracket must be fitted)
- Burn rate controlled via primary and secondary air regulators
- Only 50mm free air gap required around the stove body
- Only requires a 12mm thick superimposed hearth (If burning smokeless fuel the hearth heat shield, supplied and fitted as standard, must remain in place)
- Accepts up to 12" logs

## FDC 5W

- Extended 5 Year Warranty
- 5kW output
- Clean burn technology incorporating the TTI tertiary airwash system
- Exceptionally large ceramic glass window
- External rotary grate riddling system
- Efficiency - 79.0% wood
- Efficiency - 75.4% smokeless fuel
- CE approved for wood and smokeless fuel (Ancit)
- Exempt under section 21 of the Clean Air Act 1993 for use within UK smoke control areas (Air limiter bracket must be fitted)
- Burn rate controlled via primary and secondary air regulators
- Only 50mm free air gap required around the stove body
- Only requires a 12mm thick superimposed hearth (If burning smokeless fuel the hearth heat shield, supplied and fitted as standard, must remain in place)
- Accepts up to 15" logs

## FDC 8

- Extended 5 Year Warranty
- 8kW output
- Clean burn technology incorporating the TTI tertiary airwash system
- Exceptionally large ceramic glass window
- External rotary grate riddling system
- Efficiency - 78.6% wood
- Efficiency - 81.0% smokeless fuel
- CE approved for wood and smokeless fuel (Ancit)
- Exempt under section 21 of the Clean Air Act 1993 for use within UK smoke control areas (Air limiter bracket must be fitted)
- Burn rate controlled via primary and secondary air regulators
- Only 50mm free air gap required around the stove body
- Only requires a 12mm thick superimposed hearth (If burning smokeless fuel the hearth heat shield, supplied and fitted as standard, must remain in place)
- Accepts up to 15" logs

## ARIEL 5

- Extended 5 year warranty
- 5kW output
- Clean burn tertiary airwash system
- Efficiency – 80.0% wood
- Efficiency – 83.4% smokeless fuel
- CE approved for wood and smokeless fuel (Ancit)
- Exempt under section 21 of the Clean Air Act 1993 for use within UK smoke control areas (Air limiter bracket must be fitted)
- Simple flue connection via the internally removable top outlet spigot
- 5" liner compatible (additional adapter required)
- Optional cast iron multifuel kit available – protects liners and reduces internal volume when burning smokeless fuel.
- Choice of steel (S) or glass (G) finish
- Three and four sided frame option
- Accepts up to 11" logs

## CALYPSO 5

- Extended 5 year warranty
- 5kW output
- Clean burn tertiary airwash system
- Efficiency – 79.5% wood
- Efficiency – 83.4% smokeless fuel
- CE approved for wood and smokeless fuel (Ancit)
- Exempt under section 21 of the Clean Air Act 1993 for use within UK smoke control areas
- Simple flue connection via the internally removable top outlet spigot
- 5" liner compatible (additional adapter required)
- Optional cast iron multifuel kit available – protects liners and reduces internal volume when burning smokeless fuel.
- Choice of steel (S) or glass (G) finish
- Three and four sided frame option
- Accepts up to 15" logs

# FDC BESPOKE DESIGN SERVICE

Using the latest 3D design software, combined with years of experience working with fireplaces, we offer a completely bespoke design service.

From simply changing the size or material of one of our standard models to suit your home, to a completely original design of your own choosing, we will work closely with your retailer/installer to ensure you get exactly what you want.

We stock an extensive library of material samples for you to browse and once you have made your choice we will produce detailed working drawings of your ideas for your approval.

Quality is paramount and we use only the most experienced and skilled stonemasons, combining traditional techniques with modern innovations, to bring your ideas to life.

The result? Flawless, original fireplaces and mantelpieces.

For more information and examples of bespoke designs visit our website at [www.fdcuk.co.uk](http://www.fdcuk.co.uk).

Alternatively you can speak with your local FDC stockist.

## IMPORTANT INFORMATION

### INSTALLATION

Having a new fireplace installed is a major project and it is advisable to prepare yourself as well as possible. Please ensure your chosen fireplace will physically fit your chimney breast and that it is compatible with the intended heating appliance. The best way to confirm this will be to organise a home survey with the retailer or your installer prior to purchase.

All installations must be carried out in accordance with the requirements set out in the Building Regulation documents, paying particular attention to Approved Document J. There are independent bodies which have been approved to carry out installations in accordance with these regulations. For gas installations, the most recognised independent body is GAS SAFE REGISTER and for solid fuel installations it is HETAS. It is essential to confirm with your retailer that your new fireplace will be installed appropriately. If you have your new fireplace installed by a GAS SAFE REGISTER (gas) or HETAS (solid fuel) registered fitter you will be given a certificate stating that your installation has been carried out in accordance with Building Regulations. If you do not have one of these certificates you will have to arrange for your local Building Control Officer to inspect and approve your installation.

### PRODUCT SPECIFICATION

FDC (UK) Ltd has a continuous research and development programme which may necessitate changes to sizes and specifications without prior notification. If any size is critical this should be made clear to your retailer at point of order.

### THE FDC PLEDGE

You can purchase any of the products shown in this brochure with total confidence. In the unlikely event that there is a defect discovered on unpacking, a replacement part will be supplied without hesitation.

Of course, this requires the products to be fully inspected prior to installation as no responsibility for refitting or redecoration can be accepted if defective products have been installed or products have been damaged during installation. In these cases and in the case of accidental damage after installation, in-situ repairs might be possible. Please refer to your retailer for further information.

# MATERIAL SPECIFICATION

All the fireplaces in this brochure are hand finished. As such, all measurements are approximate and may vary slightly from those published. If any size is critical this should be made clear to your retailer at point of order.

All the fireplaces are manufactured from natural materials and colour and veining variation can occur from photographs, printed material and any showroom displays that relate to these products. Any variation is outside our control and cannot be regarded as faulty or substandard. Due to the nature of the materials used in construction of these fireplaces it may be necessary to reinforce or use suitable filler to eliminate brecciation in the material.

## **AEGEAN LIMESTONE**

Also known as Turkish limestone this off-white material is fine grained and infused with thousands of minute fossils. During the manufacturing process many of these become loosened resulting in 'pitting' across the material surface. This is a characteristic of the material and adds to the natural beauty of the product.

## **PORTUGUESE LIMESTONE**

A light cream coloured material fused over millions of years, it contains skeletal fragments of marine organisms resulting in natural veining and fossils throughout. Cool to the touch and with a matt finish, this attractive material remains one of our most popular. We have selected three different variants of this stone giving a comprehensive choice of styles and finishes.

**SEMI RIJO:** This is sawn parallel to the natural vein in the stone resulting in a subtle linear pattern running horizontally across the fireplace. Small fossils will also be present.

**ROSAL:** This is specially selected and contains far less fossils and veins resulting in a much clearer material. It is cross sawn and has a cloudy, more granular appearance when finished.

**TEXTURED:** Taken from the top layer of the quarries, this stone is composed of a mixture of hard and soft materials. Once extracted it is sawn and worked in the same way as Semi Rijo but is then finished with diamond tipped brushes which remove the softer material to create a smooth yet textured surface finish not unlike the skin of an orange.

## **CHAMOT LIMESTONE**

This French stone is a hard, dense limestone containing many small fossils and veins. It is a slightly darker shade of cream when compared to our Portuguese limestone and is cross sawn and honed giving it a truly unique and distinctive appearance.

## **SANDSTONE**

A sedimentary rock composed mainly of sand-sized minerals or rock grains. This material is of a softer density and requires a more considered approach when handling during installation. A natural textured finish gives this material its solid, earthy appearance.

## **NATURAL MARBLE**

There are so many natural marbles available that it would prove prohibitive to feature them all in one brochure. For this reason we have chosen a small selection that have proved popular over the years.

**CARRARA:** Also known as Statuary marble, its dense composition has made it desirable to sculptors for hundreds of years. The background colour ranges from white through to blue-grey and it is then characterised by a network of darker grey veins running throughout the material. It is stocked in the more traditional honed finish however can be supplied polished to special order.

**EGYPTIAN CRÈME MARBLE:** With warm colours and striking patterns this material will compliment any interior style. A feature of this marble is its distinctive fossil content, making each fireplace truly individual. Any inclusions or brecciation in the material will be stopped, filled and polished prior to manufacture.

**EMPERADOR:** Originating from Turkey we feature both the brown and grey versions of this material however a darker brown version is also available. It is characterised by a network of light coloured veins running throughout the background colour giving the appearance of crazing. It is equally attractive in both honed and polished finishes.

**BLACK GRANITE:** This is a very dense, hard wearing igneous rock with a high resistance to scratching and staining. Due to its crystalline structure granite can be highly polished to a consistent colour and deep lustre and the resulting fireplaces are truly opulent.

## **CAST IRON**

All the cast iron products are delivered with a protective, oil-based coating on polished surfaces. This should be cleaned off after installation and it is recommended that a spray-type oil is applied to these areas on a regular basis to avoid surface rust forming. Under no circumstances should a water-based cleaner or polish be used to clean cast iron products. Polished surfaces will undergo thermal discolouration during normal use and this is to be expected. High temperature black paint is used inside the fire chamber and will burn off over a period of time. High temperature touch up paint is available from your retailer if required. Ash build up beneath the fire will cause the grate to burn out quickly. The grate and back brick (if present), are consumable parts of your fire and will need replacing from time to time. Due to the nature of cast iron it is vital that all fireplaces undergo a period of 'burning-in'. This involves lighting small fires initially, gradually increasing in size with each subsequent firing.

## **BRUSHED STEEL FASCIAS**

These products are susceptible to rusting if they come into contact with moisture. This can be direct or carried in the atmosphere (such as a recently plastered room). They are supplied with a protective film that inhibits rust formation, however immediately after installation they should be wiped down with a lint free cloth and spray-type oil. We recommend this process is repeated on a regular basis. Should small areas of surface rust appear they can be removed using extra fine grade wire wool and WD40.

## FDC STOVES AND SURROUNDS

This brochure features our complete range of multifuel and wood burning stoves pictured with a selection of fireplaces taken from our collection.

Offering a choice of traditional freestanding models and more contemporary designs, you are sure to find the perfect stove for your home in this brochure.

When correctly installed and maintained, any FDC stove will give many years of reliable service, bringing pleasure and warmth to your home in a way that only a real fire can.

## FDC MICROMARBLE FIREPLACES

This brochure showcases our current range of micromarble fireplaces and surrounds in a selection of different materials.

Whether you choose a complete suite requiring only the addition of a gas or electric fire to complete your fireplace or an individual mantel piece that can be combined with a selection of interiors and hearths, our aim is to offer a fireplace to suit all tastes and budgets.

Micromarble is an ideal material for customers looking for a fireplace or mantel piece with a consistent colour and finish, free from natural markings and fossils.
